## V. POINTS OF CONTACT

### A. Service Project Officers

Each Service will designate a Service Project Officer who will have overall program responsibility to include implementing instructions and training for his/her respective branch of service. The Service Project Officer will be responsible for formally coordinating the implementing instructions with the *Chief Operating Officer (COO)*, TMA. Each Service Project Officer will be the Service's official point of contact with TMA and the contractor to resolve any overall Service-related matters regarding the program (refer to [Addendum A](#) for the list of Service Project Officers).
